

Guerinda CASALASIERRA

2023

VINTAGE

The year was marked by the severe drought since 2022, which worsened during the winter and spring. As a result, initial vegetative development was contained and heterogeneous. Very warm and dry vintage, except for the rains in June, which increased the risk of diseases such as powdery mildew. Even so, fertility and fruit set were high, although yields were slightly lower than last year due to the losses caused by the high temperatures in the months prior to harvest. Extremely wet and warm harvest. In general, concentrated wines, but with a fresh fruit sensation and low pH. It looks like it is going to be a great vintage.

GRAPE VARIETY

100% Red Grenache

VINEYARD

2 “Casalasierra” plots, planted in 1994, in the south area of San Martín de Unx (450m)
Organic vine-growing.

WINE-MAKING

Harvest: 3th and 4th of September.

Yield: 5800 Kg/Ha

Gentle de-stemming and cold skin contact for 12 hours. Free run juice to obtain the must without using pressure (bleeding method). Fermentation without skins at low temperature in concrete vat during 29 days. Bottled in December 2023.

TASTING NOTES

Bright pink with a purple rim. Wild red fruit: strawberry and raspberry, and herbal notes of mint and aromatic plants. Fresh attack, fleshy body and refreshing acidity. Balanced, long finish, full of red fruits.

PRODUCTION

19.000 bottles

AWARDS

93 Timatkin
